

# User Flow Report: Flyer Teacher Dashboard

Nguyen Tran Thanh Hai

In this report, the focus will be on the user flow of teachers when getting access to Flyer. There is a separate platform for teachers on the system, which is **teacher.flyer.us**. This is the place where they can manage and track their students' progress and performance during the courses. The details of the user flow for teachers will be listed as follows:

## 1. Login & Access

Teachers begin by logging in to the Flyer platform. Once logged in, they land on a central dashboard with access to multiple teaching and management tools.

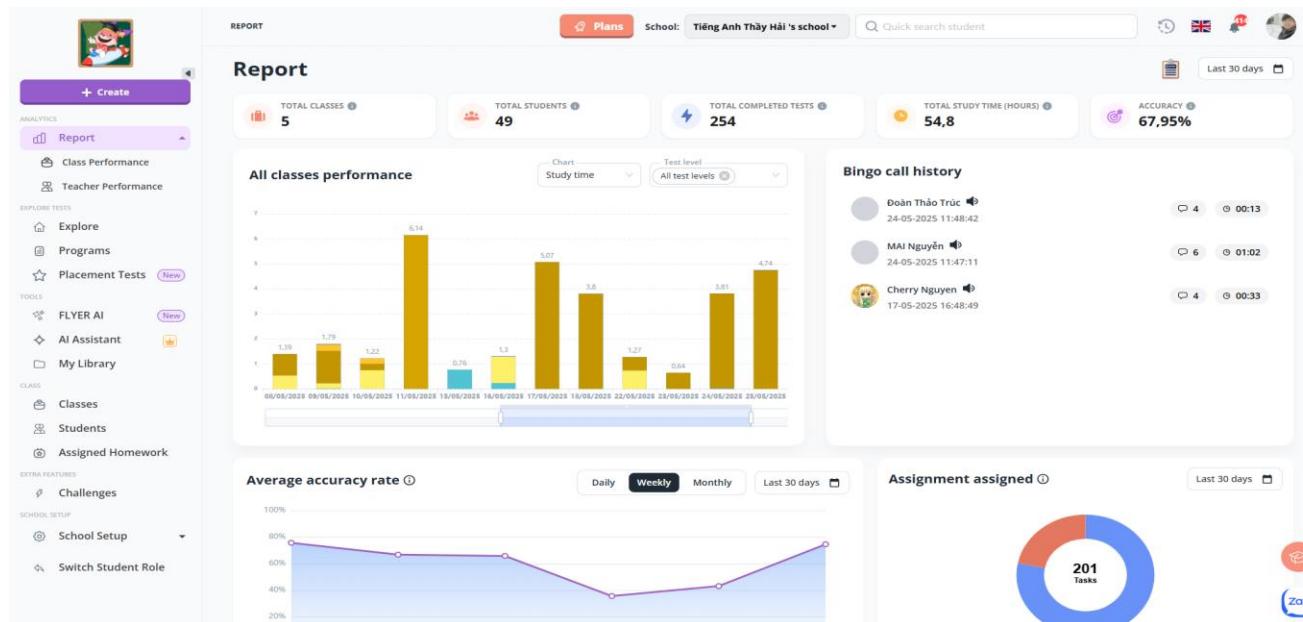

## 2. Main Navigation Areas

The sidebar menu is divided into several key functional areas:

### A. Analytics & Reports

#### 1. Report

- Teachers can view overall school/class data:
  - Total students, classes, completed tests, and study time.
  - Charts for class performance, assignment completion, average accuracy, and teacher performance.
  - Bingo call history and filtered reports by date range.

## 2. Class Performance & Teacher Performance

- Track performance metrics per teacher or class.
- Evaluate teaching effectiveness and identify best practices.

The image displays two side-by-side screenshots of a software application interface, likely for educational management. Both screenshots show a top navigation bar with a school logo, 'Plans' button, 'School: Tiếng Anh Thầy Hải's school', search bar, and user profile icons.

**Left Screenshot (Class Performance):** This section shows 'TOTAL CLASSES' count (3). Below it is a table titled 'Classes' with columns: Class name, Total study time (hours), Number of students, Class code, and Level. Three classes are listed:

Class name	Total study time (hours)	Number of students	Class code	Level
Business English	0h	1	ECL10101	B1 First for Schools
Tiếng Anh thầy Hải IELTS	0h	16	ECL10081	C1 Advanced
Tiếng Anh thầy Hải Cambridge S-M-F-K-P	0h	19	ECL10151	All Levels

**Right Screenshot (Teacher Performance):** This section shows 'TEACHER' count (1). Below it is a table titled 'Teachers List' with columns: Teacher name, Total assignments, Total students assigned, Total students completed, Total students not completed, and Submission rate. One teacher is listed:

Teacher name	Total assignments	Total students assigned	Total students completed	Total students not completed	Submission rate
Tiếng Anh Thầy Hải	8	83	63	20	75.9%

## B. Explore Tests

### 3. Explore / Programs / Placement Tests

- Browse materials aligned with Cambridge English levels (Starters, Movers, Flyers, KET, PET).
- Explore structured units and lessons.
- Use placement tests to assign appropriate levels.

This screenshot shows the 'EXPLORE' section of the software. On the left is a sidebar with 'Report', 'Explore' (selected), 'Programs', 'Placement Tests', and other tools like FLYER AI and My Library.

**Featured list:** Shows three Christmas-themed programs: 'Christmas (Pre A1)', 'Christmas (A1)', and 'Christmas (A2)'. Each has a thumbnail, title, and 'View all' button.

**PRE A1:** Shows four challenges: 'Challenge 1', 'Challenge 1 - Step 1', 'Challenge 2', and 'Challenge 3'. Each challenge has a thumbnail, title, duration (e.g., 9 Parts - 30 minutes), and a 'View all (2130 tests)' button.

**A1:** Shows five tests: 'GRADE 3 - SCHOOL LEVEL - 1', 'Starters 1', 'SO TAI HAY', 'SO TAI HAY', and 'SO TAI HAY'. Each has a thumbnail, title, duration (e.g., 7 Parts - 30 minutes), and a 'View all (3739 tests)' button.

## C. Flyer AI

### 4. FLYER AI Tools

- Writing Grading Tool: Evaluates content, grammar, coherence, and language use.
- Speaking Grading Tool: Assesses pronunciation, fluency, and vocabulary.
- Saves grading time and exports reports.

The screenshot shows the Flyer AI platform's main interface. On the left is a sidebar with navigation links: ANALYTICS (Report), EXPLORE TESTS (Explore, Programs, Placement Tests), TOOLS (FLYER AI, AI Assistant, My Library), CLASS (Classes, Students, Assigned Homework), EXTRA FEATURES (Challenges), and SCHOOL SETUP (School Setup, Switch Student Role). The main content area features a banner titled "Start with FLYER AI" with two sections: "Writing Grading Tool" (HOT) and "Speaking Grading Tool" (HOT). Both sections list benefits like speed, cost savings, automated feedback, and international certification conversion. Buttons for "Experience now" are at the bottom of each section. The top right of the screen shows the school name "Tiếng Anh Thầy Hải's school", a search bar, and user icons for Zalo and WhatsApp.

### 5. AI Assistant

- Chat-based assistant to help teachers create lessons, get ideas, and solve teaching problems.

This screenshot shows the Flyer AI platform with the "AI ASSISTANT" tab selected in the sidebar. The main area features a friendly cartoon fox icon and the text "Hello, Tiếng Anh Thầy Hải" followed by "How can I help you today?". Below this are four text boxes containing sample questions from users: "What are some good approaches to teaching grammar to young learners?", "What are some fun ways for students to practice vocabulary at home?", "How can I encourage my students to speak English in class?", and "What are some effective ways to teach vocabulary to young learners?". At the bottom, there is a text input field with the placeholder "Ask Bingo anything (Press Enter to send)" and a small camera icon for video input. The top right of the screen shows the school name, search bar, and user icons for Zalo and WhatsApp.

## D. Content & Test Management

### 6. My Library

- Manage uploaded, shared, and archived tests with filters for skill, level, and status.

### 7. Create

- Create custom tests or assignments.
- Use AI prompts to generate content.
- Save to library or assign directly.

The screenshot shows a user interface for generating quizzes. On the left, there's a sidebar with 'Question types' (Multiple Choice, Gap Fill, Drop Down) and a toolbar with text styling options (Normal Text, Bold, Italic, Underline, etc.). The main area has tabs for 'Document' and 'Text/Prompt'. A text input field says 'Enter quiz topic or paste content to generate using AI' with a 'Generate' button. Below it, 'Preferences' allow setting 'Number of questions' (Automatic, 5, 10, 15), 'Test level' (Pre A1), and 'Question type' (Multiple Choice, Gap Fill, Drop Down). At the bottom right are 'FLYER AI' and 'Zalo' sharing icons.

## E. Class Management

### 8. Classes

- View data: completed test count, accuracy, study time, age range, and level.

The screenshot shows a dashboard for managing classes. The left sidebar includes sections for Analytics (Report, Explore Tests, Placement Tests), Tools (FLYER AI, AI Assistant, My Library), and Class Management (Classes, Students, Assigned Homework). The main area displays 'TOTAL CLASSES' (5) and 'TOTAL NUMBER OF STUDENTS' (49). A table lists 'All classes' with columns: Class name, Pin, Class code, Completed tests, Student's study Time, Accuracy, Number of students, Age range, Level, and Action. The table shows five classes: 'Tiếng Anh thầy Hải\_Cambridge S-M-F-K-P', 'Super Stars\_IELTS Class\_Mr.Hai', 'Cute Students\_PET Class\_Mr.Hai', 'Business English', and 'Tiếng Anh thầy HảiIELTS'. At the bottom, there are buttons for 'Create a new class', 'Export', and 'Rows per page' (10 / Page, Total: 1 page).

## 9. Students

- Detailed student profiles: name, test status, accuracy, time, contact info, and more.

The screenshot shows the 'Students' section of a school management platform. On the left, a sidebar navigation includes 'Report', 'Explore', 'Programs', 'Placement Tests', 'FLYER AI', 'AI Assistant', 'My Library', 'Classes', 'Students' (which is selected), 'Assigned Homework', 'Challenges', 'School Setup', and 'Switch Student Role'. The main area displays a summary box for 'TOTAL NUMBER OF STUDENTS' (49) and a table titled 'Student lists' with columns: Real name/Display name, Total assign tests, Completed tests, Uncompleted tests, Late submission, Total completed tests, Accuracy, Total doing test time, and Class. Below the table are 'Create New Account' and 'Add a student' buttons, along with a search bar and an 'Export' button.

## F. Extra Features

### 11. Challenges

- Create and manage English challenges for student engagement.

The screenshot shows the 'Challenge' section of the application. On the left, there's a sidebar with various navigation options like Analytics, Explore Tests, Tools (Flyer AI, AI Assistant, My Library), Classes (Classes, Students, Assigned Homework), Extra Features (Challenges), School Setup (School Setup, Switch Student Role), and a Zalo integration icon. The main area has a title 'Challenge' and a sub-instruction 'Here, you can watch and manage all your challenges'. A modal window titled 'Create a new challenge' is open, prompting the user to 'Name your arena\*' (Super Stars\_PET Class\_Mr.Hai), 'Choose a level' (PET), 'Choose a test' (Challenge 2), and several optional checkboxes: 'Hide the challenge name' (checkbox checked), 'Join limit' (checkbox checked, note: 'Students can submit challenge 1 time only'), 'Schedule' (checkbox unchecked), and 'Sound effect' (checkbox checked). Below these are sections for 'Invite student' (checkbox checked for 'All students in chosen class(es)') and 'Choose individual student'. At the bottom right of the modal is a purple 'Create' button. The background shows a grid of challenges with columns for Participants, Test name, and Actions. At the bottom of the page are pagination controls ('Rows per page: 10 / Page', 'Total: 1 page').

## G. School Setup

### 12. School Configuration

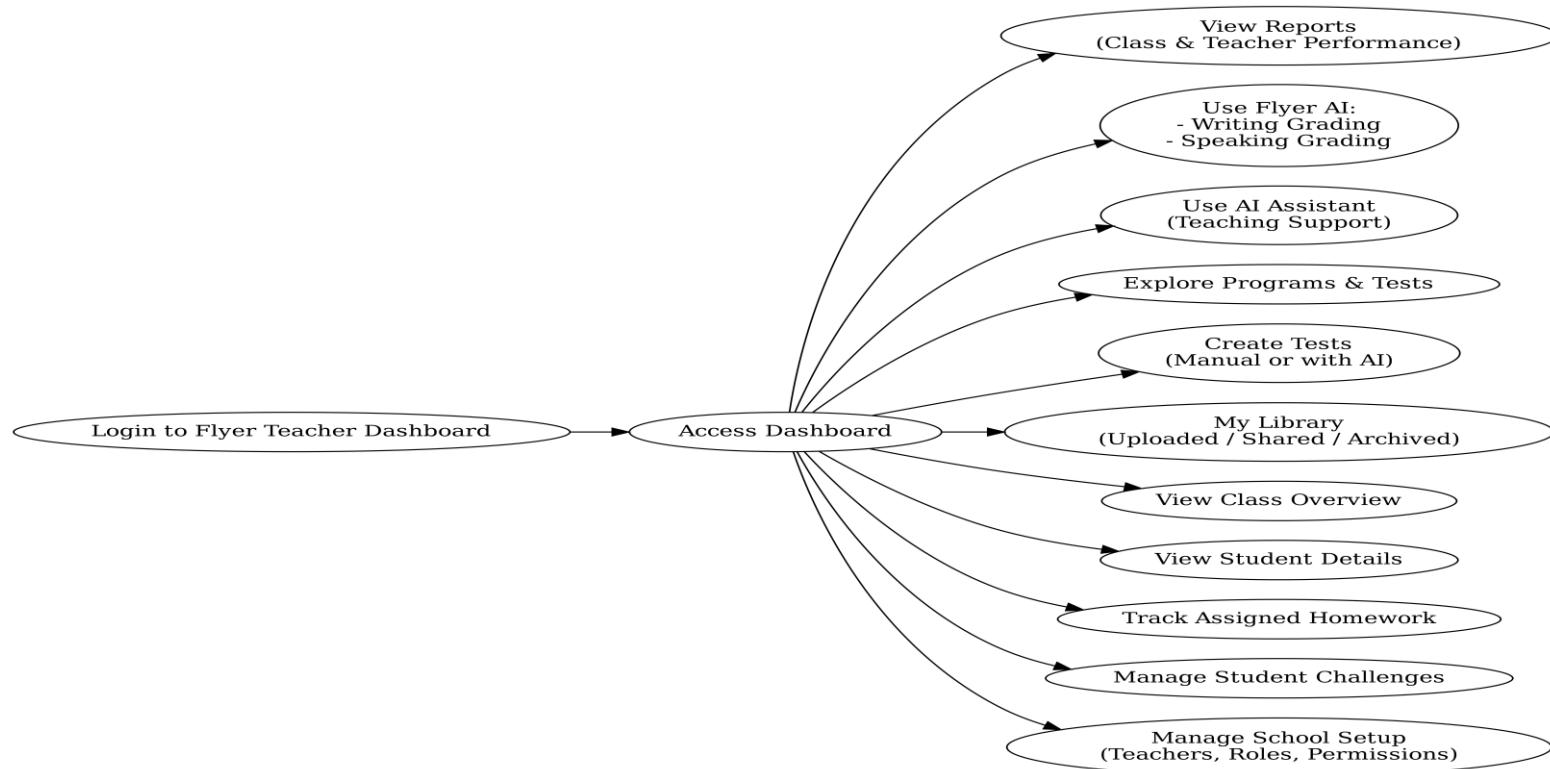

- Add/manage teachers, roles, permissions.
- Set up class and user workflows.

The screenshot shows the 'Teachers' section of the application. The sidebar is identical to the one in the previous screenshot. The main area has a title 'TEACHERS' and a sub-instruction 'TOTAL NUMBER OF TEACHERS 0'. A red 'Add a teacher' button is visible. Below this is a table titled 'List teachers' with columns: Real name/Display name, Joined date, Class, Total number of classes, Total number of students, and Student's study Time. A search bar 'Search with teacher name' is at the top of the table. A magnifying glass icon with a plus sign is centered below the table. A message 'It's empty in this search result' and 'Oops! Seems like there is nothing in this search result. Please try again with another keyword' is displayed. At the bottom are pagination controls ('Rows per page: 10 / Page', 'Total: 1 page').
